ARCHITECTS, LLP

# BOSCOBEL AREA SCHOOL DISTRICT FACILITIES PROJECT UPDATE

## PHASE ONE *of the* Long-Range Master Plan

- » Address priority district-wide maintenance needs, including interior finishes, building envelope, and fire alarm upgrades
- » Add 4th and 5th-grade classrooms, flex space, parent drop-off, and secure entrances
- » Add bus loop, play area, additional parking, and ADA parking
- » Add gym and locker rooms for physical education, athletics, and community use
- » Convert the East Kronshage softball diamond to a baseball field and provide upgrades to both existing fields
- » Create operational and staff efficiencies by moving the district office to the Middle-High School building (using Fund 46 savings)

## DESIGN & CONSTRUCTION SCHEDULE

Construction is scheduled to begin in the spring of 2024 and will be complete by the fall of 2025.

## Honors Band for First Year Band Students Held

Boscobel Schools hosted an honor band for students in their first year playing instruments. Fourteen schools sent 90 students to rehearse together and perform a concert in just four hours!

Boscobel had 8 students participate: Brynli Brady, Raleigh Kraak, Paige Karnopp, Taylor Jensen, Kayden Ralph, Easton Harris, Hudson Puckett, and Brielle Childs.

A big congratulations to them for being selected to perform and putting in the work. They did an amazing job and should be proud of themselves!

# Lions, Tigers, and Bears...Oh My!

Boscobel 4k students are leaping into their animal unit even further with fun hands-on learning.

## Fourth Grade Field Trip

The fourth grade students visited the Mining and Rollo Jamison Museums to learn about the past. Students toured a lead mine and learned about the mining process. They also saw many artifacts from the past century and discovered how they were used.

**May 1, 2024**—With speech and language disorders ranking among the most common disabilities that affect children, families are encouraged to learn the signs of these disorders and to seek an evaluation if they have concerns. It’s a timely message that speech-language pathologists are sharing for May, which is recognized as National Speech-Language-Hearing Month.

A child’s ability to communicate effectively is critical to their learning, future reading and writing success, academic performance, social interactions, and even their behavior. Speech and language disorders are generally treatable, and even reversible or preventable in some cases with early intervention. Unfortunately, many parents who have concerns are told to “wait and see” if their child’s difficulties resolve on their own—often by well-meaning friends, family members, and sometimes even professionals. This can result in delayed treatment outside of the optimal time window for intervention, which is between birth and 3 years. During these years 80% of a child’s brain development occurs.

Speech and language disorders are evaluated and treated by speech-language pathologists. *Speech* is the ability to produce speech sounds using the mouth, lips, and tongue. A child may make mistakes with sounds in words, repeat sounds and words, or be difficult to understand. *Language* is the ability to use and put words together— and to understand others’ words.

Parents can use these tips to encourage a child’s communication development at home:

- Talk about what you’re doing, what your child is doing, and what your child sees. Use longer sentences as your child grows older.
- Communicate with your child in the languages that you are most comfortable using.
- Use a lot of different words with your child. Don’t worry about using big words. Children enjoy new and unusual words.
- Help your child listen. Give directions for your child to follow.
- Tell stories to your child a lot. Read to your child in the languages they are learning.
- Don’t interrupt your child to correct their speech sounds. It’s okay if your child makes some mistakes with sounds. Say the sound correctly when you talk.
- Set limits for screen time. Use that time for talking, reading, and playing together.

Families can familiarize themselves with [communication milestones](#), which are the skills that most children achieve within particular age ranges, from the American Speech-Language-Hearing Association (ASHA). These milestones are for children between birth and 5 years. Children may not meet every milestone listed within their age range. However, if a child is missing several skills in an age range, then families may want to seek an evaluation.

## Student Projects

Below are some of the projects being completed in the Tech. Ed. Area.

Woodworking, epoxy resin and welding

Guitar made in Advanced Tech. Ed.

---

## 5<sup>th</sup> Grade CounterAct

The 5th Grade class recently completed the CounterAct program. Elementary School Resource Officer Katelyn Mathews and Middle/High School Resource Officer Cody McCollough taught the 5th graders about good decision making skills and how to counteract alcohol, drugs, and violence.

---

## High School Art Class Visits Madison Chazen Art Museum

Boscobel High School's Painting, Ceramic, and Watercolor classes travelled to The Chazen Museum of Art on the UW-Madison campus. They took in ancient and modern paintings, sculptures, and digital art. They chose several pieces each to report on and sketch. After enjoying the cool architecture and surroundings, students briefly shopped and had lunch nearby on State Street. It was a great way to be exposed to creativity outside of the classroom, and some students pronounced the trip as "perfect".

---

## Spanish Class Field Trip

Members of the Spanish 4 class took a field trip to the First Annual World Languages Day at UW-Platteville. Students learned about various languages and cultures through dance, songs, poems, a cooking show, a fable, and a study abroad panel. Afterwards, they applied their Spanish speaking skills by ordering lunch at Fiesta Cancun.

## May/June Newsletter Notes from the Nurse

### IMMUNIZATION REMINDER:

It's hard to believe, but we will soon be registering students for the 2024-25 school year! The Wisconsin Student Immunization Law requires students to be immunized for disease prevention. Please reach out if you have any questions or if you are interested in a waiver for vaccinations.

For the 2024-2025 school year, the following minimum requirements must be met, or a waiver must be submitted.

#### **For pre-K students (ages 2 to 4 years):**

- 4 doses of DTaP/DTP/DT
- 3 doses of Polio
- 3 doses of Hepatitis B
- 1 dose of MMR
- 1 dose of Varicella

#### **For students in kindergarten through 6<sup>th</sup> grades (and age 5):**

- 4 doses of DTaP/DTP/DT
- 4 doses of Polio
- 3 doses of Hepatitis B
- 2 doses of MMR
- 2 doses of Varicella

#### **For students in 7<sup>th</sup> through 12<sup>th</sup> grades:**

- 4 doses of DTaP/DTP/DT
- 1 dose of Tdap (changed from 6<sup>th</sup> grade to 7<sup>th</sup> grade to ensure children are 11 years old at time of vaccination)
- 4 doses of Polio
- 3 doses of Hepatitis B
- 2 doses of MMR
- 2 doses of Varicella

Children 5 years of age or older who are enrolled in a Pre-K class should be assessed using the immunization requirements for Kindergarten through Grade 6, which would normally correspond to the individual's age.

D = diphtheria, T = tetanus, P = pertussis vaccine. DTaP/DTP/DT/Td vaccine for all students Pre-K through 12; Four doses are required. However, if a student received the 3<sup>rd</sup> dose after the 4<sup>th</sup> birthday, further doses are not required. **Note:** A dose four days or less before the 4<sup>th</sup> birthday is also acceptable.

DTaP/DTP/DT vaccine for children entering Kindergarten: Each student must have received one dose after the 4<sup>th</sup> birthday (either the 3<sup>rd</sup>, 4<sup>th</sup>, or 5<sup>th</sup> dose) to be compliant. **Note:** a dose four days or less before the 4<sup>th</sup> birthday is also acceptable.

Tdap is an adolescent tetanus, diphtheria, and acellular pertussis combination vaccine. If a student received a dose of a tetanus-containing vaccine, such as Td, within five years before entering the grade in which Tdap is required, the student is compliant and a dose of Tdap vaccine is not required.

Polio vaccine for students entering grades Kindergarten through 12; Four doses are required. However, if a student received the 3<sup>rd</sup> dose after the 4<sup>th</sup> birthday, further doses are not required. **Note:** a dose four days or less before the 4<sup>th</sup> birthday is also acceptable.

Laboratory evidence of immunity to hepatitis B is also acceptable.

MMR is measles, mumps, and rubella vaccine. The first dose of MMR vaccine must have been received on or after the 1<sup>st</sup> birthday. Laboratory evidence of immunity to all three diseases (measles and mumps and rubella) is also acceptable. **Note:** A dose four days or less before the 1<sup>st</sup> birthday is also acceptable.

Varicella vaccine is chickenpox vaccine. Students with a reliable history of varicella disease are not required to receive the Varicella vaccine. A parent or guardian may indicate that their student has had chickenpox on the Student Immunization Record form (F-04020L).

The Wisconsin Student Immunization Law requires students to be immunized for disease prevention. Be sure to get your child vaccinated this summer if they have not received the recommended vaccinations for their upcoming grade level. **Most students moving from 4K to 5K will need vaccinations (if they have not already received their 4-year-old shots). Students in 6<sup>th</sup> grade will need the Tdap before entering 7<sup>th</sup> grade, unless they have already received it.** Tdap reminder letters were mailed just prior to spring break and the Tdap was offered at school the week after spring

break. If your child receives a vaccination outside of school, it is your responsibility to notify the school nurse in writing. By law and district policy, the school is required to enforce vaccination compliance. Thus, legal notices will be sent to parents and guardians of non-compliant students next fall. Depending on the previous year's vaccination compliance, our district may be required or may choose to exclude non-compliance students from school in the fall. This means that non-compliant students who don't have waivers on file will be sent home from school at the exclusion deadline. Grant County Health Department does not always provide immunizations to children/adults who have private health insurance that covers the vaccine(s), including insurances with a deductible or co-pay. Vaccinations for privately insured individuals with coverage may need to be provided through your medical provider. This does not affect children with Medical Assistance and BadgerCare, or uninsured adults. To inquire about vaccination availability for your child/student, call Grant County Health Department at 608-723-6416. You may contact the school nurse for a medical, religious, or personal conviction waiver if you choose not to immunize your child/student. Note that medical waivers also require a health care practitioner's signature.

#### 5<sup>th</sup> GRADE BLOOD PRESSURE VISITS:

On March 13<sup>th</sup>, April 3<sup>rd</sup>, and April 8<sup>th</sup>, Mrs. Brinkman (school nurse) and Rowan (UW-Madison nursing student) visited 5th grade classrooms to talk with students about the effects of risk factors and lifestyle choices on blood pressure.

PARENTS OF GRADUATING SENIORS: If you are seeking your vaccination record, go to the Wisconsin Immunization Registry website at <https://www.dhfs.wisconsin.gov/pr/clientSearch.do?language=en> If you want a copy of your immunizations from the school, contact the school nurse or health paraprofessional. If you did not take advantage of the on-site vaccination clinic provided by Grant County Health Department in April but would still like your child to receive vaccinations such as HPV or meningitis, please contact your child's health care provider or Grant County Health Department at (608) 723-6416.

#### AED (AUTOMATIC EXTERNAL DEFIBRILLATOR) UPDATE:

Our alignment with Project ADAM and Children's Hospital of Wisconsin has provided guidance and resources for implementation of the AED program. We have three AEDs in our middle/high school building (one stationary and two portable), and one in our main elementary building. Mrs. Brinkman held emergency one AED drill at the elementary (on April 15<sup>th</sup>) and two AED drills at the middle/high school (on February 21<sup>st</sup> and March 18<sup>th</sup>). We currently hold "heart safe school" status through Project ADAM. Our Medical Advisor, Dr. Colleen McCurry, acts as our AED oversight provider to guide our emergency response to incidents in the district. Each fall, Mrs. Brinkman sends the AED procedure to our staff members and reviews it during staff training. As the school nurse, Mrs. Brinkman serves as the program coordinator for our public access defibrillator program. As a CPR instructor, she provides training for school staff members. She maintains her certification through American Heart Association (AHA) and our training site provider is Southwest Technical College (SWTC) in Fennimore, WI. We maintain an "exchange of services" contract with Southwest Wisconsin Technical

College, Fennimore, which allows us to use their equipment for a fee and to access the AHA program. Mrs. Brinkman provided CPR in Schools training to the 8<sup>th</sup> grade health classes this year and will train staff on June 3<sup>rd</sup> and 4<sup>th</sup> in Heartsaver First Aid, CPR, and AED use. After a training date, the training roster is updated and emailed to school staff so they are aware of who is currently certified. We have had no cardiac events this school year.

**HEALTH ADVISORY - INCREASE IN INVASIVE SEROGROUP Y MENINGOCOCCAL DISEASE IN THE UNITED STATES:**

## Notice: Increase in Invasive Serogroup Y Meningococcal Disease in the United States

The most common symptoms include:

- Fever
- Headache
- Stiff neck

There are often additional symptoms, such as

- Nausea
- Vomiting
- Photophobia (eyes being more sensitive to light)
- Altered mental status (confusion)

### Complications

Even with antibiotic treatment, 10 to 15 in 100 people with meningococcal disease will die. Up to 1 in 5 survivors will have long-term disabilities, such as:

- Loss of limb(s)
- Deafness
- Nervous system problems
- Brain damage

Disease comes on suddenly, without warning, and can quickly become life-threatening.

Meningococcal vaccines are safe and effective. All 11–12 year-olds should receive a

MenACWY vaccine. Since protection wanes, CDC recommends a booster dose at age 16 years.

Meningitis is an inflammation (swelling) of the protective membranes covering the brain and spinal cord. A bacterial or viral infection of the fluid surrounding the brain and spinal cord usually causes the swelling. Injuries, cancer, certain drugs, and other types of infections also can cause meningitis. It is important to know the specific cause of meningitis because the treatment differs depending on the cause.

#### Where Can I Find These Vaccines?

Your doctor is usually the best place to receive recommended vaccines for you or your child. These vaccines are part of the routine childhood immunization schedule. Therefore, vaccines for children and teens are regularly available at pediatric and family practice offices, community or public health clinics, and public health departments.

For more information, please visit the following link:

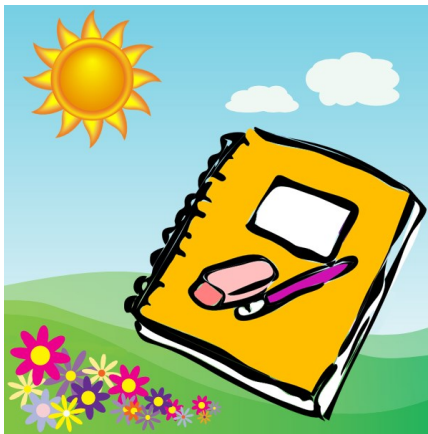

<https://www.cdc.gov/meningococcal/downloads/17-275138C2-MeningococcalDis-ACWY-Outbreak-FS.pdf>

## Sixth Grade Science Lab

Ms. Thompson's 6th grade science students enjoyed a hands on lab to discover different traits of minerals. They tested for streak, luster, color, and texture. Students used the Moh's scale to determine hardness using vinegar to see if the samples reacted to a mild acid.

Session One-Enrichment: June 10-21 from 8:30– 11:30am

Monday –Friday

Session Two-Review Reading & Math: July 29-August 8 from 8:30-11:30am

Monday –Thursday

# Taco 'bout Awesome Middle Schoolers

These middle school students made Taco pockets. Taco 'bout Awesome!!

## Career Prep and Life Skills

Five Sophomores and Juniors attended a Career Prep and Life Skills Day with Mrs. Dalton on April 11th. Students participated in various breakout sessions and Team Building, Youth Apprenticeship, Financial Advising, and the Sheriff's Department spoke to the students on Social Media Safety.

# PARENTING TIPS podcast

A podcast series to help parents of young or school aged children - From Child and Family Therapist, Jeff Reiland, MS.

**EACH PODCAST IS FILLED WITH INFORMATION ABOUT:**

- Why parenting well is so important for the physical and mental health of your child.
- What tools you can use to create the best possible relationship with your child.
- What the science of child development and parent-child relationships tell us works... and what does not work.
- Suggestions for what you can do - starting today - to become a more effective parent and have happier and healthier children.

**SCAN THE QR CODE**  
to access the parenting tips website. <https://bit.ly/3OJ56jr>, or Search Spotify & Youtube - Find under the Podcast category using keywords Jeff Reiland or Gundersen Health.

**GUNDERSEN HEALTH SYSTEM®**

Boscobel Schools is sharing a really great new resource from Gundersen Health.

Episodes are available through YouTube or Spotify.

## Middle School SWAL Math Competition

On April 22nd, Boscobel students traveled to the SWAL Mathematics competition. This year, Darlington High School was the host. Sixty eight middle school students from the seven schools in our athletic conference competed for medals. Students competed in 4 rounds of math questions consisting of a variety of application and word problems covering the areas of algebra, geometry, statistics, and probability. Scores are compiled after each round, and then they are added to determine the top math students for the event.

It was a successful day for our middle school math students. We had 6 students earn a bronze medal:

Alexis Young, Korbyn Layton, Emily Sprengelmeyer, Payton Sander, Tessa Martin, & McKenzie Tamling

Scoring at the silver medal level were: MaKayla Karnopp, and Savannah Rogge

Scoring in the top 20 and receiving gold medals were: Austin Langner and Caleb Peterson. Austin earned 51 out of 64 points, and Caleb earned 55 out of 64 points. Congratulations on your gold medals!

---

## High School SWAL Math Competition

On April 22nd, Boscobel students traveled to the SWAL math competition. This year, Darlington High School was the host. Approximately 240 students from 7 schools in our athletic conference competed for medals in various divisions from middle school through high school. Students competed in four rounds of math questions divided in divisions of Calculus, Pre-Calculus, Trigonometry, Geometry and Algebra. Consisting of teams of at most 5, these students were our top in their respective classes.

Our Division 1, Algebra Team: Edward Neumann, Tatum Miller, Sadie Jerrett, Kiptyn Brown, and Gunner Wayne

Our Division 2, Geometry Team: Gage Wayne, Brooklyn Larson, Hannah Dilley, Erin Salzgeber, and Avery Updike

Our Division 3, Trigonometry Team: Jeremiah Degenhardt, Tyler Miller, Serenity Goodman, and Ava Sander

Our Division 4, Pre Calc Team: Gretta Grassel, Wyatt Anderson, Lilah Glasbrenner, Jayzen Brandes-Esser, and Anola Lessard

Our Division 5, Calculus Team: Jonah Troxel

Jonah Troxel placed 2nd overall in the Calculus division, and on the "Team Test" earned a perfect score.

## Important Senior Dates

**Wednesday, May 15**—Senior Picnic

**Sunday, May 19**—Scholarship Presentations at 4 PM in the Big Gym (Scholarship recipients will be notified)

**Monday, May 20**—A Day Finals

**Tuesday, May 21**—B Day Finals

**Wednesday, May 22**—Seniors last day (finals make-up)  
Baccalaureate (in past years it has been scheduled on this Wednesday—we will receive info on this event from the committee)

**Thursday, May 23**—9:00 AM Senior Awards in Big Gym followed by graduation.  
Practice-Pizza and bowling at the Boscobel Bowl and Banquet

**Saturday, May 25**—Graduation 11 AM. We will need seniors to be at the school  
by 9:45 AM for pictures.

Other Info—

\*\*Every Tuesday and Thursday during WIN time, I am available in the cafeteria for seniors (scholarship help and other senior “needs”). Please encourage your seniors to utilize this time—very few students attend these sessions.

\*\*Official transcripts will be sent directly to the colleges and universities when grades have been finalized after graduation.

\*\*If a student needs a transcript sent directly from SWTC for GearUp courses or our Transcribed courses, the student must order the transcripts online through the SWTC website.

\*\*We will “draw” for reserved graduation seating before graduation practice on Thursday, May 23. Every graduate will receive 4 reserved tickets for floor seating. Bleacher seating is available for other guests.

\*\*\*To participate in the graduation ceremony, a student must have met all graduation requirements. Also, textbooks and Chromebooks must be returned to school and any outstanding fees (including lunch accounts) must be paid before participation in the graduation ceremony.

---

## Students Volunteer Time at Feed My Starving Children

On April 12th, the middle school students participated in the Feed My Starving Children mobile pack in Boscobel. The students had a great experience packing meals for those in need of food in many countries around the world. Feed My Starving Children is a non-profit organization that believes many deaths of children can be prevented by simply providing meals to those who have very little to eat. Volunteers come to the mobile packing sites and prepare the meal packets by adding soy, vitamins and dehydrated veggies to the rice. During the two packing shifts attended by the middle school students, over 74,000 meals were packed. This is enough food to feed over 200 children for a full year.
